College Code:- 013**

**3.7.1 Total number of Collaborative activities per year for research/ faculty exchange/ student exchange/ internship/ on-the-job training/ project work**

**2021-22**

**Internships** - The Placement Cell of St. Mira's College collaborates with various NGOs and private organizations to provide internship opportunities to students of all streams. The aim of offering internships is to give the students an opportunity for experiential learning. This hands-on practice enhances the students' skills thereby increasing their employability. Hence, the placement cell encourages the students to undergo internship programs. The internship selection process includes a screening test and a final selection interview. In the academic year 2021-22, our students stream-wise did internships with various NGOs and private organizations.

**Mira International Learning Exchange (MILE)**- A centre for Virtual Collaboration arose out of its rewarding interaction with LaGuardia Community College, City University of New York and its program titled COIL: Collaborative Online International Learning which "allows faculty partners in different parts of the world to develop a shared curricular project and engage their students using online tools (synchronous and asynchronous)." Globally other terms used to describe this practice are Virtual Exchange, Telecollaboration, Online Intercultural Exchange.

In total there were 86 activities conducted in the academic year 2021-22.
