**Subject: Letter of Appreciation**

This letter is regarding your work in the "Adopt a river stretch" program by Jeevitnadi – Living River Foundation.

Jeevitnadi- Living River Foundation works for river revival. Adopt a River stretch program was launched in May 2017. Idea is to bring together good intentions in the society, back it up with sound ecological knowledge and expert advice and convert it into meaningful action towards conservation of rivers.

Your students were part of the of the team that adopted the stretch of Mutha river in Pune city of Maharashtra. The stretch is from Bhide Bridge to Omkareshwar temple, one of the densely populated and hence, one of the highly polluted stretches of the river.

Since July 2018, as part of their internship, every alternate Saturday your team worked at this stretch, doing clean-up, spreading awareness and other activities, along with school students.

This team comprised of Diksha Allali (S.Y.BA, Marathi medium), Renuka Shelke, Kajal Kale and Shweta Dhangar of T.Y. BA Marathi medium.

Dedication of students is remarkable. It would not have been possible without equal support from the college authorities. Hence, we wish to thank the students, teachers and the college authorities for making this project successful.

You are creating responsible and environmentally sensitive future citizens of India. We hope this association of St. Mira's and Jeevitnadi continues in the same spirit in the future.

Yours' Sincerely,  
  
Aditi Deodhar  
Director  
Jeevitnadi- Living River Foundation
