National Conference on "Public Policy, Governance and Advocacy: Towards a Sustainable Society"

St. Mira's College for Girls, Pune

Feb 9-10, 2018

The Departments of Economics, History, Politics and Public Administration of St. Mira's College for Girls, Pune organized a two-day National Conference on "Public Policy, Governance and Advocacy: Towards a Sustainable Society" on Feb 9-10, 2018. This Conference was sponsored by the Savitribai Phule Pune University,

The purpose of the Conference was to bring together diverse stakeholders of civil society like academicians, NGO activists, bureaucrats, corporators on a common platform in order to stimulate dialogue and deliberate on the role of public policy, governance and advocacy in bringing about an inclusive society.

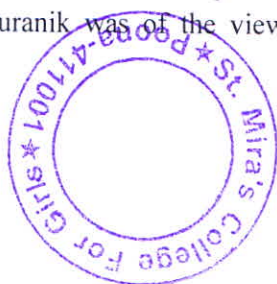

Inaugural Address

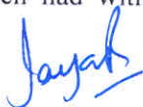

The Inaugural Address on the Conference theme was delivered by the internationally acclaimed Prof. (Dr.) Anupam Saraph, CIO, Pune City, Leadership Coach, Strategy and Innovation Mentor. His expertise in Informatics has been tapped effectively by the Governments of India and of Goa, by corporates and others in the areas of Sustainable Design, E-Governance, Smart Cities, and Capacity Building.

Prof. Saraph encapsulated the rationale of one's existence in 3 key phrases: Common purpose, Fulfilment, Sustainable Life and livelihood. He stated the need to look beyond the numerical growth rate and revisit the concept of development as an inclusive process. He then highlighted the scope of Public Policy to be three-fold, viz. to protect the common purpose, to protect the sovereignty of the people who come together for the common purpose and benchmarking public policy to the four tenets embodied in the Preamble of the Constitution of India, viz. Justice, Liberty, Equality and Fraternity. He also put forth the view that people in a society are the supreme power and the governments owe their existence to people. Hence, an involved and pro-active society makes an empowered and coercion free society.

Session One-Day One

The First Technical Session was on the theme- "Historical legacies and Contexts of Public Policy & Governance". The resource persons for this session were Dr Shruti Tambe, Professor and Head, Dept. of Sociology, SPPU, Pune and Mr Manish Puranik, CSR Consultant, Pune. Both the panellists presented a historical perspective to the topic. Dr Tambe dwelt on the colonisation of Indians, first by the British and later due to caste and class stratifications. Further, she pointed out the need to understand and appreciate the fact that public policy is for 'public' including those without a voice; hence the question of public policy must be addressed as the question of who designs the policy and for whom it is intended. Mr Puranik was of the view that historical legacies which had withstood the

ravages of time included the historical heritage sites like Forts in India. He stated that many of them are in acute disrepair and neglect. He emphasized the need for a public policy which would emphasize and encourage corporate entities to come forward and extend their support in restoration work.

Session Two-Day One

The post lunch session was on the theme: "Sustainable Partnerships and Inclusive Societies: Filling Gaps and Strengthening Governance". The resource persons included Ms. Aneeta Gokhale Benninger, Executive Director CDSA, Pune and Ms. Dnyanada Palkar, Senior Research Associate at Pahle India Foundation, New Delhi. Ms Aneeta Gokhale Benninger opined that improving one's Security, Status Access to resources and a participatory governance through normative entitlements (both quantitative and qualitative in nature) could end deprivation and bring about empowerment. Ms Dynanada Palkar stressed that the solution to governance gaps could come about through increased trust and dialogue building. Public Policy could become robust with citizen engagement and improved ability to take responsibility of their actions. She encouraged the students to take up volunteering activities to be a part of public policy.

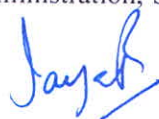

Session One-Day Two

Day 2 of the conference was marked by two technical sessions. The first session was on the theme of 'Changing Perspectives of Public Policy Development'. The panellists were Ms. Netra Shirke, corporator from Navi Mumbai Municipal Corporation and Ms. Neeta Chalke Pawar, an activist from Mashal, a Pune-based NGO. Ms. Shirke put forth the view that a public policy must be capable of adapting to changing times and be responsive to the needs and aspirations of people. She elaborated on various innovative policies adopted by Navi Mumbai Municipal Corporation in the fields of education for special children, senior citizens, and health care for the underprivileged. She emphasised the fact that an effective public policy can only emerge out of participation and involvement of public at each stage of designing and implementing policy. Ms. Neeta Chalke Pawar discussed the issue of housing policy with respect to Slum rehabilitation project that her organisation is involved with. She laid forth the need for a policy to be in place and a systematic implementation of such a policy.

Session Two-Day Two

The second session was on the theme-'Sustainable Partnerships & Inclusive Societies: Challenges and Issues.' The first speaker, Mr. Ramanath Jha, an ex-IAS officer opined that the need for partnerships and inclusion arise out of the concept of good governance. He further described the road traversed by the concept of governance from the divine right of the kings to govern to a more modern human rights centric inclusive approach to governance. He also underlined the need to have a broad-based consensual dialogue based partnerships with equality of status to all the partners. According to him, with modern IT revolution and increasing influence of various interest groups like environmentalists, the public policy making will essentially be a partnership based process in future. The second speaker was Dr. Rajeshwari Deshpande, Professor & Head, Dept. of Politics & Public Administration, SPPU,

Pune. Dr. Deshpande spoke about the need to strengthen the democratic processes in order to build a robust public policy structure and to overcome the challenges of exclusion of social groups, rising inequalities that are embodied in capitalist trajectories, and rising cultural nationalism. She further stated that the evils that plague the system today i.e. corruption and interest based exclusionary politics are so deep rooted that there can be no short term solution to them. However the necessary first step would be to empower people's voice and democratic system offers the best chance of empowering the common man.

St. Mira's College for Girls, Pune
National Interdisciplinary Seminar "Karl Marx and Mahatma Gandhi: Revisiting Ideas
and Thoughts in the Contemporary World"
February 8-9, 2019

The Departments of Politics and Public Administration, along with the Departments of Economics and Department of History organised a two-day Interdisciplinary National Seminar on 8-9 February 2019. The objective of the Seminar was to commemorate the 200th and 150th birth anniversary of Karl Marx and Mahatma Gandhi, to explore Marxian and Gandhian ideology and analyze its relevance to current issues and problems in the modern society.

Inauguration and Keynote Address:

The Seminar was inaugurated by Mr. A. K. Roy (Dunu Roy- Director, Hazards Center, New Delhi) and delivered the Keynote address. Dunu Roy opined that the world is passing through grim times, and there is a need to think 'right' before one thinks of how to 'put things right'. Through Mr. Roy's actual experience, he shared how to use dialectics to one's advantage. He stated that while Marx didn't go beyond Capital, Gandhian thought moves beyond it. Mahatma Gandhi was so right in his times that Mother Nature has enough for everyone's need and not for everyone's greed. He claimed that Gandhian ideology offers a different perspective on how harmonious relations between individuals and between groups can possibly offer solutions to deal with our emotions and vulnerabilities. Mr. Roy elaborated the understanding of the same by citing examples related to present day gender issues as well as environment and climate change. To conclude, Mr. Roy reiterated the need to go beyond Marxian and Gandhian thoughts and connect to other social thinkers like Dr. B.R. Ambedkar and their thoughts.

Session I: Trends in Marxism and Contemporary Relevance of Marxism

The speakers were Dr. Radhika Seshan (Professor, Head, Dept. of History, Savitribai Phule Pune University) and Dr. Sanjyot Apte (Vice-Principal, and HoD, Dept of Politics, S. P. College, Pune). Dr. Seshan, beginning with the basics on Marxism, explained how idealism is a human condition and how the exploited masses themselves do not understand their exploitation. She said exploitation is systemized and therefore to change the form of exploitation, there is a need to change the system itself. For Marx, the means to change this system was Revolution while Mahatma Gandhi stressed on Non-violence.

Dr. Apte exclaimed that Neo-Marxism helps us in understanding trends in Marxism in the third world. Since global politics is all about global economics, she stated that struggles between countries should be seen in economic context rather than territorial. She said that Marxism has brought issues of development to the third world countries. She concluded by saying theories are not given to understand the world but to change the world.

Session II - Marxism and Mass Movement

The speaker at the session was Mr. Ajit Abhyankar (Secretary, CPI(M), Maharashtra). Mr. Abhyankar stressed that Marxism has is a philosophy or a theory as well as practice. He opined that Marxism is an applied philosophy; it is a philosophy of action and movements and therefore people do get attracted to this ideology. Mr. Abhyankar said that he believes in Marxism as a spiral advancement of a society. He stressed on three relations in one's life that make man, one, Man and Nature, second, Man and Man and the third, Man with his own self and that is the most confusing relation of the three.

Marx believed in labour as the creativity of man, hence Marx wanted to overthrow the system to bring back the creative life and establish a human society for all based on cooperation.

Day 2- Session I - Ideas and Thoughts of Mahatma Gandhi

The speakers were Mr. Milind Bokil, Sociologist and Writer, and Dr. Chaitra Redkar, Associate Professor, Dept. of Politics, SNDT University, Mumbai, who shared their thoughts on Mahatma Gandhi.

Mr. Bokil elaborated on the concept of Ahimsa as practised by Mahatma Gandhi at six different levels. In today's times, he opined that Ahimsa is a key to understand Mahatma Gandhi and Mahatma Gandhi is the key to understand ahimsa.

Dr. Redkar spoke on the liberal democratic criticisms as seen in the writing of Mahatma Gandhi. She said that Gandhiji was a supporter of participative democracy and at the same time, how Gandhiji stressed upon sustainable local economics. Dr. Redkar said that there is a need to put the teaching and the writing of Mahatma Gandhi in contemporary context without undermining the real meaning of the concepts.

Valedictory Address:

The Valedictory Session was delivered by Dr. Rohini Sahni, Professor (Retd.), Dept. of Economics, SPPU. As we all are products of our times, Dr. Sahni stated that Mahatma Gandhi was a product of the Indian Independence Movement while Karl Marx was a product of the atrocities of Capitalism. In the light of the two great thinkers, Dr. Sahni stated that in the light of the problems India is facing, we need conceive, explain and discuss the ideas of Gandhi and Marx to adopt and adapt them in our daily lives in different contexts and situations. She concluded by saying that as one is actually experimenting with different models in the modern times, there is a need to work on models and ideas of human survival and sustainable happiness.

The National Seminar received research papers on Mahatma Gandhi and Karl Marx, exploring various ideas of Marx and Gandhi in the light of challenges to human society, rural development, economic globalisation, cleanliness as well as on the Indian Independence movement. The research papers will be published in a UGC-approved journal. The seminar was well attended by students, academicians and researchers.

On behalf of St. Mira's College for Girls and Principal, Dr. Gulshan Gidwani, the Departments of Politics and Public Administration, along with the Departments of Economics and Department of History would like to thank the parent university, Savitribai Phule Pune University for sponsoring the seminar. The Departments also takes the opportunity to thank all the speakers, academicians, researchers, participants and students for their academic and intelligent contribution to the Seminar.

Introduction to the Mira Movement in Education

The Sadhu Vaswani Mission is a world-renowned humanitarian service organisation with an international presence across four continents. Founded originally in Hyderabad-Sind before the partition of India as the Brotherhood Association, it was renamed after its revered founder Sadhu Vaswani when the Sindhi community was forced to leave Pakistan. Sadhu Vaswani chose to make Pune his headquarters, and from here the Mission and its activities have grown by quantum leaps.

Sadhu T.L. Vaswani had deep faith in the power of a woman, her inner strength and in her indomitable spirit. It was this faith that inspired Sadhu Vaswani, a professor and Principal of several prestigious institutions, to establish St. Mira's College, in 1962, as one of the pioneering colleges exclusively for girls in this part of the country. Today, even after five and a half decades since its inception, the college continues to help further the cause of higher education in general, and of women empowerment in particular. The Mission statement has helped St. Mira's to grow into a college of new-age women with age-old values that have stood the test of time. It facilitates holistic learning where Indian values are inculcated along with a global outlook - propelling the student up the career ladder and at the same time making her a sensitive, socially responsible citizen. The philosophy on which the college was set up testifies to the adage 'If you educate a man you educate an individual; if you educate a woman you educate a family (nation)'.

For Mira Management, education is not a commercial enterprise but part of its highly idealistic programme of service to society. Therefore, no capitation fee is charged for admission to any of its courses. Every paisa received from the students, every rupee received as a grant from the government, is scrupulously accounted for. Today, the college is the veritable jewel in the crown of the prestigious and exclusive Mira Family of nine institutions located across India in New Delhi, Baroda, Rajkot, Ahmedabad and Jaipur.

Year after year, hundreds of young and bright-eyed students enter our portals. In each one, we see the potential that we can draw out— for that is what true education is. To each one, we offer the best that we are capable of, for that is what the MIRA ideal is all about.

Our courses keep abreast of the changing times. Our young students are tomorrow's citizens. We ourselves are growing, evolving but our ideals remain the same, they haven't grown old or faded. Ever fresh, ever constant, our sights remain focused on the dream and vision on which they were founded. For we truly believe that perfection is not a destination but the journey; excellence is not a goal but a process and this perfection, this excellence is what we aspire to; to strive, to seek, to find and not to yield.

Mission Statement: To empower and equip women students through an integrated education of the head, hand and heart, to successfully meet the challenges of a competitive work life and inculcate in them the art of true living.

Vision Statement: To grow into a Centre of Excellence providing quality education and empowering women to take their place in society.

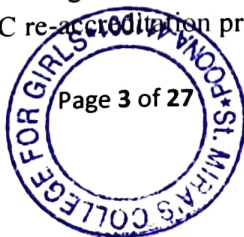

Our Achievements and Success Stories:

Ours is a unique and proactive temple of learning; our value is borne out by the fact that we have been:

- The first College to voluntarily undergo NAAC accreditation in Pune, in 2002, in a self-motivated attempt to enhance quality
- Chosen by the State Governor's special panel as one of the 12 colleges in Maharashtra to be put on the Fast Track to Autonomy in 2005. We are in fact the first Arts, Commerce College in the state to go in for academic autonomy in 2007. For us, choosing autonomy was simply registering our vote for reform.
- Our endeavours have won several awards and honours that reinforce our commitment to excellence:

- Best College Award conferred by Pune University, 2004
- The Vidya Ratna Award instituted by the International Institute of Management, 2005.
- First among 18 colleges in India to be awarded the status of College with Potential for Excellence (CPE) by UGC in 2005.
- Awarded an 'A' Grade in the NAAC re-accreditation process in 2012.
- The UGC Committee and the SPPU committee to review our Academic Autonomy granted the College an extension of the Autonomous Status till June 2019, calling us an 'Island of Excellence'.
- College with Potential for Excellence status awarded for the 2nd time in April 2014.
- Principal Dr G. H. Gidwani has been honoured with the following awards for her contribution to education:
 - 'The Jewel of India' award by the International Institute of Business and Management, New Delhi.
 - The 'International Women Achiever's Award' for the year 2012, by the Human Achiever's Foundation for Leadership in Education.
 - The 'International Kukkiwon Award' for 2016, in appreciation of and in recognition of prescribing 'Self Defense' as a subject for girls for the last 15 years and for promoting inter-cultural harmony. (Kukkiwon is the World Taekwondo Headquarters in Korea)
 - The 'Pune Shikshan Gaurav Puruskar' Award for Excellence in Education by the MCE Society on 23rd January 2019.
- In January 2016, the EDC centre of the college was chosen as the centre for excellence, amongst the top five centres across the globe. It was recognized and honoured by the United States Association for Small Business Entrepreneurs.
- Consistently rated as the Third Best College in Pune for Arts and Commerce by India Today.

DAY 1: Acclimatisation with the Institution and its Ethos

A whole new world, simplified: St. Mira's Students Induction Programme

St. Mira's College for Girls is opening its doors wide for the new academic year 2019-20. With the influx of freshers, campus life has at once become vibrant and energised, and to avoid chaos amidst it all, the institution has organised a six-day long Students Induction Programme with the objective of acclimatising students to their new surroundings and building a rapport between the teachers and students.

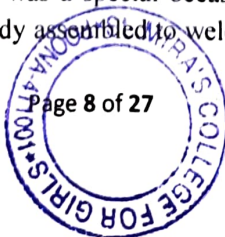

Keeping in accordance with the directives from the UGC, the SIP commenced on 4th July 2019 and continued for six days, till 10th July 2019. The orientation focuses on developing sensitivity towards social issues and works to instil human values among students under all UG programmes. The programme provides an opportunity for the beginners to gain knowledge about their new institution through a combination of play and learn, and thus, sets apace a year filled with rewarding teaching-learning experiences.

The programme will include a wide range of ice-breakers and course-facilitators, and will have its first day dedicated to familiarising the new students to the Mira way of life.

The morning of 4th July 2019 was a special occasion for the freshers of St. Mira's College as the staff and the student body assembled to welcome all the First-Year students in

REPORT

Date: July 30 2021,
Venue : Online

A workshop on Industrial 4.0 Revolution in collaboration with ICFAI BUSINESS SCHOOL was conducted on 30th July 2021 at 11.30am. The resource person was Prof. Arun Prasad of IBS Pune who is an ERP Consultant and an academican. It was conducted on the virtual platform of Zoom. There were 139 students who attended

The webinar was made very interesting as Prof. Arun Prasad gave a deep insight on the topic Industrial revolution in the modern era. He started with imparting knowledge on topics like industrial revolution powered by steam, electricity, IT, cyber physical steams. He also discussed about the previous three industrial revolutions that had occurred in the past and how it has impacted our present and future.

It was interesting to know about the six design principles and the Cyber Physical Systems. What was really innovative and fun was the creative and thoughtful choice of videos on topics like augmented reality, 3D printing and robots working in factories. The videos helped the students to understand the concept better.

Six Design Principles

- **Interoperability:** the ability of **cyber-physical systems** (i.e. work piece carriers, assembly stations and products), humans and Smart Factories to connect and communicate with each other via the **Internet of Things** and the **Internet of Services**
- **Virtualization:** a virtual copy of the Smart Factory which is created by linking sensor data (from monitoring physical processes) with virtual plant models and simulation models
- **Decentralization:** the ability of **cyber-physical systems** within Smart Factories to make decisions on their own
- **Real-Time Capability:** the capability to collect and analyze data and provide the insights immediately
- **Service Orientation:** offering of services (of **cyber-physical systems**, humans and Smart Factories) via the **Internet of Services**
- **Modularity:** flexible adaptation of Smart Factories for changing requirements of individual modules

- Website: <https://abiglesson.com/>
- Email: info@abiglesson.com
- Vision: Develop a highly effective hybrid training platform to promote Life skills.
- Mission: Impart and develop skills amongst young Indians (05-18 years) to help them grow and become self-sufficient in their professional fields through Various programs like Financial Literacy, MUNs, Tech for GenZ etc
- This is the design for our business model.
- About us: 3 friends came together and realized from our experiences that our children might know chemistry formulas, solving algebras, but have little idea about finances so after a lot of research and study we found a staggering figures that our generation don't know to manage their finance and understand the value of money. Managing Finances can't be learnt overnight it has to be inculcated at a much younger age. And that's where we come in. Examples: KBC winner, Bollywood celebrities, Sports personalities became bankrupt the moment they lost their limelight.
- This is the need of the hour and hence Big Lesson was born.

The right sidebar shows a list of participants (100) with names and status icons. The bottom status bar shows the system clock as 25°C AQI 95 and the date 20-08-2021.
