D.O.No.14-9/2021 (CPP-II)

June 7, 2021

Sub: Elimination of Single Use Plastic- reg.

Respect Madam/Sir,

This is in continuation to UGC letter D.O.No.F.1-54/2019 (Website/Swachhata Hi Sewa) dated 30.09.2019, requesting Higher Education Institutions (HEIs) to reduce the use of plastic, especially single use of plastic and dispose off plastic waste. UGC also framed guidelines which are to be adopted in HEIs. These guidelines are available on UGC website.

In order to achieve the objective of Elimination of Single Use of Plastic, following approaches could be adopted by HEIs to target different group:

- Essay competition among students.
- Activities by organization like NCC, NSS, Nehru Yuva Kendra etc.
- Hackathons among students and start-ups to promote innovation in the areas of alternate materials, recycling, circular economy etc.

All the Higher Educational Institutions and their affiliated colleges/institutes are requested again to undertake approaches suggested above following strict adherence to the Government Guidelines/Protocols on Covid-19 and upload the relevant information on University Activity Monitoring Portal (UAMP) of UGC (<https://www.ugc.ac.in/uamp>)

With kind regards,

Department of NSS and Green Club
Panel Discussion on Eliminating Use of Plastic – 25th June 2021
Swachhata Hi Seva Campaign 2021.

Green Club and NSS Department held a Panel Discussion on 25th June 2021 between 10am to 11.15 am on Google meet.

The dialogue began with introducing the topic- Miss Shannon R talked about what goes around comes around. Ocean throws garbage (created by us) back to us, so it is our collective responsibility to reduce garbage as much as possible. Miss Rakhi pointed out that it takes about 4000 years for plastic to degrade, hence we should say “No” to use of polythene bags. Miss Namrata Datta added to this discussion regarding reusable H2O bottle plus cloth bags- At present, plastic use is choking us and We are the change makers, need determination to bring the change. Miss Maitrayee Sangitrao highlighted how everywhere plastics are used right from makeup/spectacles. She concluded by asking audience these questions- Do we need it, is it necessary ?? We must decide how much plastic to be used in everyday life.

Miss Gauri Raje stated that change begins at home- we must adopt zero plastic-based lifestyle, however challenging it is. She gave examples of using bamboo brush, upcycling old clothes, not to cut plastic pouches completely to avoid microplastics, encouraged to use menstrual cups. Miss Saloni Kullar spoke about human beings at our best are extremely creative, she added to switch to ink pens, cut gel pens can be used as beads, plastic stand of pens stuck together etc. Miss Annmariya said that plastic creates scarcity of land, alternative is use metal straw. Miss Kajal Yadav coaxed all to buy bigger bottles to avoid using more of plastic consumption. Miss Riya Pawar spoke about how plastic tiffin boxes can be reused as jewellery boxes, use cloth flowers, use paper cups, etc. Miss Anushka said that living a simple life is not easy but everyone can do it. Miss Aariya Parve shared here ideas of the various means to cut down plastic such as use of paper glasses, wire hangers etc.

Audience participation showed an overwhelming response to this discussion. Miss Kanishka informed to use steel items for milk cans. Miss Nivedita Sahoo suggested use of wooden items in the kitchen. Miss Shannon encouraged audience to use cotton based sanitary towels, use metals instead of paper because trees are being harmed, use paper bags which are made out of newspapers. Miss Rajni Singh, Inhouse faculty said that be responsible consumers, make producers to rethink the use of plastic material for packaging and at the end Miss Gauri discussed the taboo relating to Menstrual cups.

The discussion ended with the conclusion by Dr. Sandhya Pandit and Miss Manjita Kulkarni, Inhouse faculty. Last but not the least let us everyone work together to “Save Mother Earth” and refuse to use Plastic, Eliminate Plastic.

The Pune Clean City Initiative
Adar Poonawala Foundation
Serum Institute of India
Pune

Subject: Placement of Dust Bins at St. Mira's College Campus and Access to the
Glutton Vacuum Cleaner for regular Clean – up of the Campus Grounds.

Dear Sir,

Good Wishes and Warm Greetings from St. Mira's College for Girls, Pune.

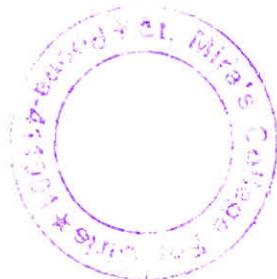

Our College is a well-known, autonomous Women's College, affiliated to the prestigious Savitribai Phule Pune University. Our College functions under the aegis of the renowned Sadhu Vaswani Mission which has several educational institutions and hospitals under its fold operating on a 'not-for profit' principle.

Our College was happy to host a Seminar on: "Positive Thinking and Cleanliness of Pune City" by Mr. Minocher Patel, the well-known Motivational Speaker, on 1st September, 2017 under the Adar Poonawalla Clean City Initiative. We have been truly inspired by the Motivational Seminar and by the noble work done by your Foundation in making Pune City clean. It has been observed that you are conducting Cleanliness Drives of Campuses like Wadia College and the SPPU, as a part of this Clean Pune City initiative. St. Mira's College also expresses its keenness in partnering your organisation in this connection.

Dada J. P. Vaswani -our spiritual Guru reposes immense faith in the power of the Youth in becoming Change Agents. He has opined: "Make the Child Right, and the World shall be Right". Moreover, our organisation endorses the Gandhian Thought that "Cleanliness is next to Godliness". Since our organisation's philosophy is concomitant with your Foundation's commitment to Cleanliness, we tender in a request for installation of dust bins and regular cleaning of the St. Mira's College Campus with the help of the Glutton Vacuum Cleaners employed by your organisation. This assistance rendered by you to our College would go a long way in helping keep our Campus Clean. It shall also facilitate us in partnering you in changing the mindset of very important stakeholders of Pune City-the student community. We hope this assistance by you shall make our students more ecologically responsible and civic citizens of Pune City.

Thanking you,

Yours faithfully

G. H. Gidwani

Green Club Report

2.1.5

A workshop was organized on the topic - **Mask Making** for Green Club Students by the Green Club Member on Zoom App on 21st December at 11am to 12pm.

The guest speaker was Miss Ravina Jagtiani - She is currently studying in TY BCom Class with multiple skill sets such as Embroidery, Painting, Stitching etc.

Miss Ravina demonstrated the method to make use of waste cloth and make a beautiful mask. She also shared tips how one can use sequence, painting, etc. to make a beautiful design for the mask.

The session was very interactive where students had a chance to interact with the speaker. The guidance and insight of Miss Ravina will surely help the students to make use of the unused cloth material for making masks and save themselves from Corona.

Waste Management Workshop

Date: 29 th January, 2019

A workshop was conducted on Waste Management for the benefit of our Green Club members by Mr. Siddharth Naik and Mr. Prahlad Naykude. Mr. Naik is a Waste Management Consultant and resident of Roseland Residency CHS Limited, known for its sustainability endeavours. He has championed the cause of Solid Waste Management through awareness sessions at societies, corporates and schools with the support of Times of India, Pune.

This Radio One 'Hatkar Punekar' very kindly shared with us the initiatives which had been adopted at his housing society in order to move towards a sustainable, smart community with a focus on the 'circular' economy. Through videos and PowerPoint presentations, Mr. Naik's group explained their three-way segregation at source, composting of organic waste, plastic and e-waste recycling, garden waste composting and urban discard recycling via Goonj. The students also learnt about Rainwater harvesting, waste reduction, water- saving techniques (which has made their society tanker free since the last 10 years!). They also learnt about electricity conservation tips and sparrow conservation. A very constructive interaction session followed thereafter, wherein Mr. Naik toured the College Campus to help the College move towards a long-term eco-friendly and Zero Waste Campus. As a token of our appreciation, Green Guardians gifted him potted garlic grown by Green Guardians from their Kitchen Garden Initiative.

While this account presents the Green Club activities for the academic year 2018-19 but we shall continue our sustained efforts at making the next academic year a greener one.

Green Club Badge-making Activity and Ceremony

7.15

Green Club members were enthusiastic to solidify their memberships with a badge. Talented and hardworking members came up with several equally great ideas for the badge design. With the Principal's blessing, a design was settled upon. Starting Tuesday, 7th August, they painted 50 colourful badges over the course of a week, which culminated in a badge allotment ceremony in the Sanctuary on Monday, 13th August, 2018. The Principal, Dr Gulshan Gidwani, was presented with a badge from the Vice-Principal and Head of the Green Club, Dr. Shalini Iyer. With the badge comes responsibility - the Green Club members were christened the 'Green Guardians' of the college and formally vested with the duties of conserving college resources like water and electricity. They were also charged with duties of keeping the campus clean in their free time, and instructing students on the importance of not littering.
