Report on Nagasaki Day – 10th August, 2022

On 10th August 2022, the Department of History organised a documentary screening session for the SYBA students to observe the bombing of Hiroshima and Nagasaki during World War II. This was a part of the BBC Series on 'Days that Shook the World'. It was in 1945 that the first atomic bomb was dropped on Hiroshima, a Japanese city killing 80,000 people instantly. It was important to sensitise the students to the horrors of the use of atomic weapons. 26 participants were present.

COVID RESOURCES STUDENTS' ASSOCIATION (2020-21)

Covid Resources Students' Association is a initiative started by Taarini Das, Urvi Shetty and Karuna Das, our students who came together to help India heal via SocialMedia!

They thought it was important for such a campaign to be carried out because it clearly was the need of the hour. They wanted people to spend time with their loved ones during these times rather than run around for resources.

CRSA India helps people by providing well researched and accurate verified information to fulfill their requirements. They have a team of enthusiastic volunteers from around the country (108) helping them to be more, learn more and help more. In the span of 3 weeks, they have been able to help around 2000 people around India and have decided to be there for people as long as they're needed to be.

They have a team for collection of well researched data and resources from different social media platforms, websites. One the resources have been sent on the group. CRSA India volunteer heads for every state make sure that most of the data is verified and updated on the spreadsheet that consists of all genuine and verified data made available for everyone in need.

The group has a Google meeting from 10 AM to 10 PM every day for the entire team whoever is free to join. On this call, the team helps in verification of all data. They personally call up all the resources on the spreadsheet every day to confirm availabilities.

The team gets a lot of requests through their personal social media handles and also their main Instagram page - @CRSAIndia. The team try to help as many people as they can.

The second wave of Covid 19 has been brutal as compared to the first one in 2020. Reportedly, the cases went more than 2,80,000 in a single day in the country with shortage of oxygen, hospital beds, medicines and injections, which caused a panic and a sense of chaos across the country where people resorted to social media asking for help.

In Pune, citizens took it on themselves to bridge the gap between people who were seeking the resources and the people providing it. Bhavjeet Wallia, 22, student, says, "We're essentially trying to collate, verify and deliver information existing on public domains, to people who may need it. There are volunteers who are either trying to find information like beds or ICUs available in a particular city, making phone calls to verify leads that are found and facilitating SOS messages requesting information/resources about their specific needs." He adds

I was getting requests from relatives of patients for resources in the city.

DR GULSHAN GI DWANI,
Principal, St Mira's College

that these people are not from medical backgrounds, not emotionally prepared for horrid realities of what's going on in the world around them. "Most of these people are doing it out of an immense amount of grief, trauma and loss," he shares.

Another alumna Nida Siddiqui says, "The things are bad, and we need to do

something. We made a linktree list of all the major resources we could find. I call up the numbers and verify the contacts, and check if the resources are available and share it further." She adds, "It takes a toll on your mental health. We were looking for oxygen for a patient the entire day, and by the time we procured it I was exhausted and it was really difficult."

Dr Gulshan Gi dwani, principal, St Mira's College, says, "I was getting requests from relatives of patients for resources in the city and I was sharing the same with student and alumni groups to look for leads. The NSS students came together as I couldn't call and verify all the numbers and check for availability." She adds they contacted all the resources and managed to help people with oxygen cylinders, hospital beds, plasma donors and even money.

Pune: With the entire country battling the second wave of COVID-19, we need all the help we can get. Even as the fight against the COVID outbreak in the state is on a war footing, COVID patients are finding it difficult to find hospital beds. In a bid to tackle the problem, a group of 25 NSS volunteers of St Mira's College are helping the CRSA (COVID Resource Students Association) formed with the initiative of one student of St Mira's with her friend to help patients find verified resources.

COVID Resource Student Association (CRSA) is an initiative started by Taarini Das, Urvi Shetty (a Sociology student of St Mira's College) and Karuna Das. The initiative is fully run by students to help people in dire need of COVID resources by providing verified and well-researched data.

According to the group, it was important to conduct such a campaign simply because it is the need of the hour. CRSA wanted to help people with verified information so that instead of running around for resources, people could attend to the needs of their loved ones. It was also set up to boost people's morale since the association couldn't be directly involved in supplying resources.

The initiative came to life when Taarini, Urvi, and Karuna connected via social media and decided to do their bit in helping the country heal and get through these trying times. The project started in April, with only 4 volunteers. However, with the help of their respective colleges and social media, the toll has gone up to 111. The volunteers are working tirelessly for this cause.

A group of 25 NSS volunteers of St Mira's College are helping the CRSA (Covid Resource Students Association) formed with the initiative of one Sociology student of St Mira's with her friend as the work was too overwhelming for the core team. This was in response to a call by their Principal, Dr GH Gidwani to come forward and help. Together they are working on helping COVID patients and their families to get access to resources like medicines and injections keeping the government regulations in mind, real-time availability of ICU and oxygen beds, plasma donors, tiffin facilities, ambulance services to name a few.

In this huge endeavour, the NSS volunteers group is helping them in the data collection and verification of the data across the country. In a short span of three days, the team has succeeded in helping about 30 patients. The team has helped patients not only from Pune but also from the cities like Agra, Bengaluru, Delhi, Mumbai, Jaipur, Jhansi and Dehradun. This group of volunteers together were able to help around 2,000

people across the country through various social media platforms.

According to the core team, "Over the last two weeks, we've seen people cry out for help. We have helped as many as we could have. Even though the number seems small and sometimes the person in need fails to get the resources on time, this does not stop us from taking the next step towards kindness. All it takes is 20 seconds of courage to make the next call, to look for people in need, find more resources, to help as many as we can. The three of us have found a home away from home in each other."

"Finding our way back to our WhatsApp group, talking about how our day went, becoming each other's checkpoints, and we eventually have become a big family. Managing everything with college and home is extremely difficult, but the fact that we can provide someone with something that they urgently need gives us purpose – to do more, to be more and to learn more," it added.

When the CRSA volunteers receive messages from people thanking them for leads, resources or even some moral support, they feel even more encouraged to keep helping people every day.

Every day posts dire challenges, but it is the relentless spirit that keeps students motivated. With a strong workforce, they intend to stay on board as long as people need them.

This video sensitized the students to the problems and fears of the families of workers who positively contribute to the cleanliness of the city's waste management system by risking their health and their lives. The solution to this was of taking the responsibility on ourselves of being responsible citizens and segregating our waste at source itself and helping them in the process.

Organ Donation Awareness Campaign Week

13th August to 20th August 2020

7.1.9.

As a part of the Organ Donation Awareness Week, the NSS department undertook the following activities in order to create awareness, encourage and inspire staff, students, non-teaching staff, friends, family, relatives and the neighborhood people to take the pledge to donate their organs and contribute to this great cause. Through these activities everyone was made aware of our duty towards the nation and that donation of organs is a very humble cause through which they can contribute to the society at large.

13th August, 2020 – 'Inauguration of Organ Donation Awareness Week'

The NSS students virtually participated in the inauguration function of the Organ Donation Awareness Week organized by the SPPU-NSS department at the hands of our Honourable Governor Bhagat Singh Koshyari. Before this programme the students were also sent messages on whats app to speak to their parents and make them aware of this campaign.

14th August, 2020 – 'Fir Zindagi – Life Starts'

Every year to spread awareness on the topic of organ donation the NSS department organizes a guest lecturer to speak on the same. But due to the Covid crises this year the session was conducted virtually on Facebook by Savitribai Phule Pune University-NSS. Mrs. Aarti Gokhale, central coordinator of ZTCC Pune, was invited to speak and enlighten all NSS volunteers on the subject of organ donation.

“Organ donation is a very important topic for students to know about, but talking about it is even more important” said Mrs Gokhale. Organs can be donated in many ways. For instance if a person dies in an accident and he or she is declared brain dead, with the consent of their family members organs can be donated and made available for patients in need. “Unfortunately in India there are very few organ donors as compared to other foreign countries “added Mrs Gokhale. She also stated the reason as to why it is that way. Carrying on Aarti ma’am explained the role of media and how it helps in spreading awareness to people.

In conclusion Mrs. Aarti Gokhale encouraged all the NSS volunteers to spread awareness about organ donation and save lives.

15th August, 2020 – ‘Orientation on Organ Donation’

An orientation of the students regarding the importance of organ donation was done. Initially, a short and impactful video on ‘Organ Donation’ was shown to the students which showed them the joy and satisfaction of loved ones to see their near and dear ones alive because of a noble cause of organ donation by one person and family. This was followed by a discussion over it regarding the current data of loss of lives due to organ failure, importance of organ donation and benefits of organ donation.

16th August, 2020 – 17th August, 2020 – 'Digital Poster Making and Slogan Writing'

The NSS volunteers were motivated to make digital posters to create awareness about organ donation, remove the superstitious beliefs associated with it. The volunteers put on their thinking caps and with the help of open sources available on the internet and their creativity, 35 volunteers made about 85 posters in order to reach out to their friends, families and society at large.

18th August, 2020 – 'Awareness creation among College Staff and Non-Teaching Staff'

In order to create awareness, motivate and encourage the Teaching and Non-teaching staff of the college towards Organ Donation, the NSS POs spoke to them informally and cleared any doubts they had regarding the same. Posters were also put up in the common areas of the college like the Notice Board, Staff room, Library, etc. to enable the participation of more and more people in this humble endeavor. Messages were also shared on college what's app groups both in the degree and junior college. Alongwith this the NSS volunteers were also encouraged to put up these posters on their society notice boards to reach out to the society.

19th August, 2020 – 'Inspiration Talk to motivate for Organ Donation'

Dr. Meenal Sumant from the Department of Economics spoke to the students about Organ Donation. The reason why Dr. Sumant was the right person for this was because she had pledged for organ donation last year with her husband. This was important because the NSS volunteers got first-hand information from their teacher who has actually taken the pledge which definitely inspired many volunteers.

Dr. Sumant spoke about the necessity of organ donation by giving the actual statistical data, where we can see the requirement of organ donation. Madam explained the importance of this, the need to create awareness and types of organ donation. She also mentioned the age where we can donate our organs and even the restrictions of the age where we cannot donate some particular organs. Dr. Meenal shared her personal experiences about how she decided to pledge for donating her organs and encouraged the volunteers. 26 Students were present for this awareness lecture. Some girls shared their information about organ donation and asked their queries.

20th August, 2020 – 'Creating Awareness through Social Media platforms'

A short video was made by the students and was shared on the College Facebook and Instagram pages. Many teachers and NSS volunteers shared this video on their own FB and Insta pages with the hope and intention of creating an unending chain of reaching out to the millions of people using these platforms in times of Covid. The efforts of the students were highly appreciated. The NSS volunteers also posted slogans and posters made by them on What's App statuses and FB and Insta stories which were viewed by many of their friends, family and relatives. Through this the volunteers reached about 1500 people who saw their FB stories and

what's app statuses, 35 FB likes and 5 shares; and 201 views, 50 likes and a few comments on Instagram Videos. They were also encouraged to share these on their society what's app group to reach to the society at large. A number of doubts and misconceptions raised by their loved ones were also cleared by the volunteers.

Blood Donation Camp 2019

22nd November, 2019

Report

'Give, Give, Give' said our revered founder Sadhu T. L. Vaswani. This year we at St. Mira's College celebrated his 170th birth anniversary. As a part of Birth Anniversary Celebrations, NSS department decided to follow his teachings and have a Blood Donation Camp in association with Inlacks Budhrani Hospital.

This year, total 87 students from FY/SY/TY/BA, BCOM, BCS, BBA, BCA enthusiastically participated and registered themselves to donate blood. Out of these 87 registrations 36 volunteers passed the weight, HB and other criteria and were fit for blood donation. All the 36 donors were provided with snacks- coffee, biscuits and banana. All the donors were given certificate of a donor. Total 25 volunteers worked hard from 9 am to 2 pm to make this camp a success. NSS POs Dr. Meenal Suman and Dr. Sandhya Pandit were actively present throughout the camp. Other staff members like Ms. Jyoti Chintan, Ms. Hasina Shaikh, Dr. Sangita Deshmukh visited camp and they were talking to the students and making them comfortable.

The camp went well except one case of infection. A case of infection (Ms. Shivani, TYBA experienced bleeding, pain and black spot after some hours of blood donation) was reported day after , which was referred to the doctor of Budhrani hospital for cure.
